Noida, Uttar Pradesh, India — vipinxdev@gmail.com — +91 9918572513 — [LinkedIn](#) — [GitHub](#) — [devxvipin.me](#)

Professional Summary

B.Tech Computer Science graduate from GLA University, currently Software Engineer at Just Charge Media, with expertise in full-stack development using the MERN and Next.js stacks. Proven track record building production-ready web applications including open-source developer tools, learning management systems, and AI-powered tools. Strong foundation in modern web technologies, RESTful APIs, cloud deployment, and responsive design.

Technical Skills

Languages & Frameworks: JavaScript, TypeScript, React.js, Next.js, Node.js, Express.js, React Native, HTML5, CSS3, Tailwind CSS, PHP, Laravel

Databases: MongoDB, PostgreSQL, SQL

Cloud & Tools: AWS, Firebase, Git, GitHub, Postman, RESTful APIs, CI/CD, Github Action, Redis

Experience

Just Charge Media

Nov 2025 – Present

Noida, Uttar Pradesh, India

Software Engineer

May 2026 – Present

- Promoted to Software Engineer after 6 months as Software Developer (Trainee); lead end-to-end development including architecture, full-stack implementation, code reviews, deployment, and production support
- Collaborate with cross-functional teams to deliver scalable, high-quality solutions across multiple concurrent projects using modern JavaScript frameworks and RESTful APIs

Software Engineer (Trainee)

Nov 2025 – Apr 2026

- Contributed to full-stack feature development using modern JavaScript frameworks, Node.js, and RESTful APIs
- Gained hands-on exposure to production deployment workflows and cross-functional collaboration, leading to promotion to Software Engineer

Projects

Create JS Stack CLI – Open-Source CLI Tool

[createjsstack.dev](#)

- Created a powerful open-source CLI tool for scaffolding production-ready JavaScript full-stack projects with best practices built-in
- Automated project setup covering framework configuration, folder structure, tooling, and boilerplate to accelerate developer onboarding
- Maintained as an open-source project, enabling community contributions and adoption across the JavaScript developer ecosystem

LaunchTrack: AI-Powered Career Coach

[launchtrack.vercel.app](#)

- Developed AI career coaching platform with job search tools, interview preparation, and resume builder
- Integrated machine learning algorithms for personalized career recommendations and market insights
- Tech stack: Next.js, Tailwind CSS, Shadcn UI, Inngest, Prisma, Neon database, deployed on Vercel

Certifications & Training

- AI Fluency Framework & Foundations – Certificate of Completion (2025)
- Introduction to Model Context Protocol 1, 2 – Anthropic (2025)
- SQL (Intermediate) – HackerRank (2025)
- CCNA: Introduction to Networks – Cisco Networking Academy (2025)
- Postman API Fundamentals Student Expert – Postman (2024)
- JOVAC – Coding Blocks, Noida (May–Jul 2024): full-stack dev training

Education

Bachelor of Technology in Computer Science and Engineering

2022 – 2026

GLA University, Mathura
